SUBJECT: THREATS OF VIOLENCE IN SCHOOL

The School District is committed to the prevention of violence against any individual or property in the schools, on school property or at school activities whether such acts and/or threats of violence are made by students, staff, or others. Threats of violence against students, school personnel and/or school property will not be tolerated whether or not such threats occur on school grounds or during the school day.

Any person who commits an act or threatens an act of violence, including bomb threats, whether made orally, in writing, by email, or by any other electronic format, shall be subject to appropriate discipline in accordance with applicable law, District policies and regulations, as well as the *Code of Conduct on School Property* and collective bargaining agreements, as may be necessary.

While acknowledging an individual's constitutional rights, including applicable due process rights, the District refuses to condone acts and/or threats of violence which threaten the safety and well-being of staff, students, visitors and/or the school environment. Employees, students, agents and invitees shall refrain from engaging in threats or physical actions which create a safety hazard for others.

All staff who are made aware of physical acts and/or threats of violence directed to students or staff are to report such incidents to the Building Principal/designee, who shall report such occurrences to the Superintendent. Additionally, the Building Principal/designee will also report occurrences of violence, whether involving an actual confrontation or threat of potential violence, to the school psychologist and/or Director of Special Education if applicable. Local law enforcement agencies may be called as necessary upon the determination of the Superintendent/designee.

Students are to report all acts and/or threats of violence, including threats of suicide, of which they are aware by reporting such incidents to the school hotline, a faculty member, or the Building Principal.

The District reserves the right to seek restitution, in accordance with law, from the parent/guardian and/or student for any costs or damages which had been incurred by the District as a result of the threats or acts of violence in the schools.

This policy will be enforced in accordance with applicable laws and regulations, as well as collective bargaining agreements and the *Code of Conduct* as may be necessary. Additionally, this policy will be disseminated, as appropriate, to students, staff, and parents and will be available to the general public upon request.

Appropriate sanctions for violations of this policy by students will be addressed in the *Code of Conduct*.

SUBJECT: ACCEPTANCE OF GIFTS, GRANTS AND BEQUESTS TO THE SCHOOL DISTRICT

The Board may accept gifts, donations, grants and/or bequests of money, real or personal property, as well as other merchandise which, in view of the Board, add to the overall welfare of the School District, provided that such acceptance is in accordance with existing laws and regulations. Donations to the school are fully tax deductible so long as the gift is used exclusively for public purposes in accordance with USC Section 170(c). However, the Board is not required to accept any gift, grant or bequest and does so at its discretion, basing its judgment on the best interests of the District. Furthermore, the Board will not accept any gift, grant or bequest which constitutes a conflict of interest and/or gives an appearance of impropriety. At the same time, the Board will safeguard the District, the staff and students from commercial exploitation, from special interest groups, and the like.

The Board will not accept any gifts or grants which will place encumbrances on future Boards, or result in unreasonable additional or hidden costs to the District. The Board may, if it deems it necessary, request that gifts of equipment, facilities or any item that requires upkeep and maintenance include funds to carry out such maintenance for the foreseeable life of the donation.

The Board of Education will not formally consider the acceptance of gifts or grants until and unless it receives the offer in writing from the donor/grantor or their attorney/financial advisor. Any such gifts or grants donated to the Board and accepted on behalf of the School District must be by official action and resolution passed by Board majority. The Board would prefer the gift or grant to be a general offer rather than a specific one. Consequently, the Board would suggest that the donor/grantor work first with the school administrators in determining the nature of the gift or grant prior to formal consideration for acceptance by the Board. However, the Board, in its discretion, may direct the Superintendent of Schools to apply such gift or grant for the benefit of a specific school or school program.

The Board is prohibited, in accordance with the New York State Constitution, from making gifts/charitable contributions with School District funds.

Gifts and/or grants of money to the District shall be annually accounted for under the trust and agency account in the bank designated by the Board of Education.

All gifts, grants and/or bequests shall become School District property. A letter of appreciation, signed by the President of the Board and the Superintendent, will be sent to a donor/grantor in recognition of his/her contribution to the School District. Letters will be sent in a timely manner and will acknowledge the possible tax deduction available to donors whose gifts qualify under IRS regulations.

SUBJECT: WELLNESS

The District is committed to providing a school environment that promotes and protects children's health, well-being, and the ability to learn by fostering healthy eating and physical activity before, during, and after the school day.

The District has established a wellness committee that meets at least four times per year to establish goals for, and oversee the development of, the District's local wellness policy. The Committee will make policy recommendations for review and adoption by the Board. The District Wellness Committee includes, but is not limited to, representatives from each of the following groups:

- a) Parents and caregivers;
- b) Students;
- c) Physical Education teachers;
- d) School health professionals;
- e) District food service program;
- f) School Board;
- g) School administrators;
- h) General Education teachers; and
- i) Members of the public.

The District Wellness Committee will also be responsible for assessing current activities, programs, and policies available in the District, and providing mechanisms for implementation, evaluation, and revision of this policy. In so doing, the Wellness Committee will evaluate and make recommendations which reflect the specific needs of the District and its students.

The Superintendent will designate a District Wellness Coordinator to convene the District Wellness Committee in order to facilitate the development of, and any proposed updates to, the District's wellness policy, and will also ensure the District's compliance with this policy.

Goals to Promote Student Wellness

The District seeks to ensure all of its students obtain the knowledge and skills necessary to make nutritious food selections and enjoy life-long physical activity. To this end, the District sets forth the following goals relating to nutrition promotion and education, physical activity, and other school-based activities.

(Continued)

SUBJECT: WELLNESS (Cont'd.)Nutrition Promotion and Education

The District will model and encourage healthy eating by all students by engaging in nutrition education and promotion by:

- a) Nutrition education will be integrated within the comprehensive health education curriculum and other instructional areas, as appropriate, and offered at every grade level, K through 12. Nutrition education will follow applicable New York State Standards and be designed to help students acquire:
 1. Nutrition knowledge, including, but not limited to: the benefits of healthy eating; essential nutrients; nutritional deficiencies; principles of healthy weight management; the use and misuse of dietary supplements; and safe food storage, handling, and preparation.
 2. Nutrition-related skills, including, but not limited to: planning healthy meals; understanding and using food labels; critically evaluating nutrition information, misinformation, and commercial food advertising; assessing personal eating habits; and setting and achieving goals related to these concepts.
- b) Marketing and Promotion
 1. The District will promote nutrition education activities that involve parents, students, and the community.
 2. The District will promote healthy food and beverage choices for all students and encourage participation in school meal programs. This will occur by using Smarter Lunchroom techniques which guide students toward healthful choices and ensuring that 100% of foods and beverages promoted to students meet the Smart Snacks in School nutrition standards, which can be found on the United States Department of Agriculture's (USDA) official website.
 3. The District will promote school and community awareness of this policy through various means, such as publication on the District website.
 4. The District will encourage and promote wellness through social media, newsletters, and an annual family wellness event.
 5. Marketing and advertising of foods and beverages on school campuses during the school day will be consistent with nutrition education and health promotion. As such, schools will restrict food and beverage marketing to the promotion of those foods and beverages that meet the nutrition standards set forth by the Healthy, Hunger-Free Kids Act's "Smart Snacks in Schools" Rule and that are consistent with this policy.

(Continued)

SUBJECT: WELLNESS (Cont'd.)

- c) Additional provisions
 - 1. Parents and teachers will be provided with a list of healthy classroom party ideas, including non-food celebration ideas.
 - 2. Parents may be provided with a list of classroom snacks and beverages that meet Smart Snacks nutrition standards.
 - 3. School personnel are strongly discouraged from using food as a reward or withholding food as punishment under any circumstance; teachers and other appropriate school staff will be provided with a list of alternative ways to reward students.
 - 4. District staff will be encouraged to model healthy eating, drinking, and physical activity behaviors for students.

Physical Activity

- a) The District will provide opportunities for every student to participate in physical education and, in an effort to comply with the recommendation that children and adolescents participate in at least 60 minutes of physical activity each day, is also committed to providing opportunities for physical activity before, during, and after school. In doing so, the District aims to promote among students, staff, and community members the development of knowledge and skills for specific physical activities, the maintenance of physical fitness, regular participation in physical activity, and an understanding of the short-term and long-term benefits from a physically active and healthy lifestyle. Physical activity opportunities will be in addition to, not in lieu of, physical education and will not be used as a punishment for students, but rather another means by which students may develop or maintain a healthy and active lifestyle.
- b) The District will ensure that the following standards are met to achieve its goals relative to physical education and physical activity:
 - 1. The District will have a Board-approved Physical Education Plan on file with the New York State Education Department that meets or exceeds the requirements set forth in Section 135.4 of the Commissioner's regulations.
 - 2. The District recognizes the importance of physical education classes in providing students with meaningful opportunities for physical exercise and development. Consequently, the District will ensure:
 - (a) All physical education classes are taught or supervised by a certified physical education teacher;

(Continued)

SUBJECT: WELLNESS (Cont'd.)

 - (g) A physical and social environment is provided that encourages safe and enjoyable activity for all students;
 - (h) Activities or equipment are adapted to meet the needs of students who are temporarily or permanently unable to participate in the regular program of physical education. In doing so, the District will abide by specific provisions in 504 Plans and/or individualized education programs (IEP). To that end, the Committee on Special Education (CSE) will ensure that a certified physical education teacher participates in the development of a student's IEP, if the student may be eligible for adapted physical education;
 - (i) All students, including students in need of adaptive physical education, will be encouraged to participate in physical fitness programs and competitions.
3. All students will be required to fulfill the physical education requirements set forth in the Commissioner's regulations as a condition of graduating from the District's schools.
- c) All classroom teachers, and particularly those engaged in the instruction of K through 5 students, are strongly encouraged to incorporate into the school day short breaks for students that include physical activity, especially after long periods of inactivity. Teachers are encouraged to incorporate kinesthetic learning approaches into core learning subjects when possible so as to limit sedentary behavior during the school day. Additionally, all elementary students will be offered one daily period of recess for a minimum of 20 minutes. This requirement will not apply on days where students arrive late, leave early, or are otherwise on campus for less than a full day. Outdoor recess will be offered when weather permits. In the event that indoor recess is necessary, it will be offered in a place that accommodates moderate to vigorous physical activity.

Classroom teachers will be provided with a list of ideas for alternative ways to discipline students. Recess, physical education, or other physical activity time will not be cancelled for instructional make up time.

Other School-Based Activities

The District is committed to establishing a school environment that is conducive to healthy eating and physical activity for all. The District will, therefore, adopt the following standards:

a) Federal School Meal Programs

1. The District will participate to the maximum extent practicable in available federal school meal programs (including the School Breakfast Program (SBP), National School Lunch Program (NSLP), and Summer Food Service Program). Food served through these programs will meet all applicable federal and state standards.
2. The District will ensure that food service directors, managers, and staff are provided with annual professional development in the areas of food and nutrition consistent with USDA Professional Standards for State and Local Nutrition Programs. District food service staff will meet with students in grades 4 through 12 twice annually to solicit feedback on the school breakfast and/or school lunch program(s).

The District will continue relationships with community partners in support of the implementation of this policy. Existing and new community partnerships will be evaluated to ensure they are consistent with this policy and its goals.

f) Community Involvement, Outreach, and Communications

The District will use its official website, along with other electronic and non-electronic means, to notify parents and the public, in culturally and linguistically appropriate ways, about the content, implementation of, and updates to this policy as well as how to become involved and support this policy. The District will use these same means to inform the community about the availability of the triennial report relative to this policy.

g) Before and After School Activities

The District will offer opportunities for students to participate in physical activity before and/or after the school day through various methods, such as physical activity clubs, intramurals, and interscholastic sports.

Nutrition Guidelines

In an effort to encourage healthy life-long eating habits by providing foods that are high in nutrients, low in saturated fat and added sugars, have zero grams trans-fat per serving, and are of moderate portion size, the District Wellness Committee recommends nutrition standards to be set for all foods and beverages available on school campus. For purposes of this policy, the school day is defined as the period from the midnight before, to 30 minutes after the end of the official school day.

(Continued)

SUBJECT: WELLNESS (Cont'd.)School Meals

All schools within the District participate in the USDA child nutrition programs, including the NSLP and the SBP. School meals will, at a minimum, meet the program requirements and nutrition standards of these programs. The District is committed to ensuring that meals through the SBP and NSLP are accessible to all students, are served in sanitary settings, are appealing to children, and meet or exceed those nutrition requirements established by local, state, and federal law and regulation. The USDA nutrition standards are available at:

Fundraising

- a) All foods and beverages sold as or during a fundraiser during the school day will meet, or exceed, the nutritional requirements listed in the USDA Healthy, Hunger-Free Kids Act "Smart Snacks in Schools" Rule; these foods and beverages sold as fundraisers will not be sold until the end of the last lunch period, so as not to compete with the NSLP.
- b) School-sponsored fundraisers conducted outside of the school day will be encouraged to support the goals of this policy by promoting the sale of healthy food items (fresh fruit and produce) and/or non-food items, such as water bottles, plants, etc., and by promoting events involving physical activity.
- c) All school-sponsored fundraisers must be approved by the appropriate building principal prior to being conducted.

Competitive Foods and Beverages Sold and Served to Students During the School Day

Competitive foods--which include all foods and beverages sold to students outside of the school meal programs, on the school campus in student accessible areas, and at any time during the school day --will follow, at a minimum, the nutrition standards specified by the Healthy, Hunger-Free Kids Act. These standards will apply to all foods and beverages sold individually and outside of the reimbursable school meal, including vending machines, school stores, and cafeteria a la carte lines.

Competitive Foods and Beverages Served to Students During the School Day

The District will encourage staff and parents to provide students with healthy options at any event where foods and beverages are served to students (i.e., classroom and school-wide celebrations and rewards).

Foods and Beverages Sold or Served at Events Outside of the School Day

All foods and beverages sold or served at school-sponsored events will be in serving sizes which are in accordance with recommended dietary guidelines and/or nutrition standards.

SUBJECT: TRANSPORTATION OF STUDENTS**Requests for Transportation to and from Nonpublic Schools**

The parent or person in parental relation of a parochial or private school child residing in the District who desires that the child be transported to a parochial or private school within or outside the District during the next school year should submit a written request to the Board no later than April 1 of the preceding year, or within 30 days of moving into the District. The District will publish the April 1 date in its school calendar and/or local newspaper as a reminder to parents of this deadline. No late request of a parent or person in parental relation will be denied where a reasonable explanation is provided for the delay.

Transportation to Nonpublic Schools on Holidays/Professional Development Days/Early Release Days

The District will share its calendar and start and dismissal times with nonpublic schools before the start of the school year. The District is not required to provide transportation to nonpublic schools on days on which the District's schools are not in session.

Transportation for Nonpublic School Students with Disabilities who are Parentally Placed

For students with disabilities (ages 5 through 21) who are parentally placed in nonpublic schools outside their district of residency, if special education services are to be provided to a student at a site other than the nonpublic school, the school district of location is responsible for providing the special education services, including, as applicable, arranging and providing transportation necessary for the student to receive special education services. The proportionate share of IDEA Part B dollars could be used for such purpose.

The school district of residence remains responsible to provide transportation to parentally placed nonpublic school students from the student's home to the nonpublic school.

Transportation of Students with Disabilities

Students with disabilities in the District will be transported up to 50 miles (one way) from their home to the appropriate special service or program, unless the Commissioner certifies that no appropriate nonresidential special service or program is available within 50 miles. The Commissioner may then establish transportation arrangements.

Student Information

Any mode of transportation used on a regular basis to transport students with a disability on a regularly scheduled route will, upon written consent of the parent or person in parental relation, have maintained on such mode of transportation the following information about each student being transported:

(Continued)

SUBJECT: TRANSPORTATION OF STUDENTS (Cont'd.)

- a) Student's name;
- b) Nature of the student's disability;
- c) Name of the student's parent, guardian or person in a position of loco parentis (person in parental relation) and one or more telephone numbers where such person can be reached in an emergency; and/or
- d) Name and telephone number of any other person designated by such parent, guardian or person in a position of loco parentis as a person who can be contacted in an emergency.

Such information will be used solely for the purpose of contacting such student's parent, guardian, person in a position of loco parentis, or designee in the event of an emergency involving the student, will be kept in a manner which retains the privacy of the student, and will not be accessible to any person other than the driver or a teacher acting in a supervisory capacity. In the event that the driver or teacher is incapacitated, such information may be accessed by any emergency service provider for such purpose.

Such information will be updated as needed, but at least once each school year and will be destroyed if parental consent is revoked, the student no longer attends such school, or the disability no longer exists.

Herein the term "disability" means a physical or mental impairment that substantially limits one or more of the major life activities of the student, whether of a temporary or permanent nature.

Transportation of Non-Resident Students

Non-resident families must provide their own transportation.

Transportation to School-Sponsored Events

Where the District has provided transportation to students enrolled in the District to a school sponsored field trip, extracurricular activity or any other similar event, it will provide transportation back to either the point of departure or to the appropriate school in the District unless the parent or legal guardian of a student participating in such event has provided the District with written notice, consistent with District policy, authorizing an alternative form of return transportation for such student or unless intervening circumstances make transportation impractical. In cases where intervening circumstances make transportation of a student back to the point of departure or to the appropriate school in the District impractical, a representative of the District will remain with the student until such student's parent or legal guardian has been contacted and informed of the intervening circumstances which make such transportation impractical; and the student has been delivered to his or her parent or legal guardian.

SUBJECT: DIGNITY FOR ALL STUDENTS

The District seeks to create an environment free of harassment, bullying, and discrimination; to foster civility in its schools; and to prevent conduct that is inconsistent with its educational mission. The District, therefore, prohibits all forms of harassment and bullying of students by employees or other students on school property and at school functions. The District further prohibits discrimination against students, including, but not limited to, discriminatory acts based on a person's actual or perceived race, color, weight, national origin, ethnic group, religion, religious practice, disability, sexual orientation, gender, or sex by school employees or other students on school property and at school functions that take place at locations off school property. In addition, other acts of harassment, bullying, or discrimination that can reasonably be expected to materially and substantially disrupt the education process may be subject to discipline or other corrective action.

Dignity Act Coordinator

In each of its schools, the District will designate at least one employee holding licenses or certifications as required by the Commissioner to serve as the Dignity Act Coordinator (DAC). Each DAC will be thoroughly trained to handle human relations in the areas of race, color, weight, national origin, ethnic group, religion, religious practice, disability, sexual orientation, gender (including gender identity or expression), and sex. Training will also be provided for DACs which addresses: the social patterns of harassment, bullying, and discrimination, including, but not limited that to, those acts based on a person's actual or perceived race, color, weight, national origin, ethnic group, religion, religious practice, disability, sexual orientation, gender, and sex; the identification and mitigation of harassment, bullying, and discrimination; and strategies for effectively addressing problems of exclusion, bias, and aggression in educational settings. All DAC appointments will be approved by the Board.

The District will widely disseminate the name, designated school, and contact information of each DAC to all school personnel, students, and parents or persons in parental relation by:

- a) Listing it in the *Code of Conduct*, with updates posted on the District's website; and
- b) Including it in the *Code of Conduct's* plain language summary provided to all parents or persons in parental relation to students before the beginning of each school year; and
- c) Providing it to parents or persons in parental relation in at least one District or school mailing or other method of distribution, including, but not limited to, electronic communication and/or sending information home with each student. If the information changes, parents and persons in parental relation will be notified in at least one subsequent District or school mailing, or other method of distribution as soon as practicable thereafter; and
- d) Posting it in highly visible areas of school buildings; and
- e) Making it available at the District and school-level administrative offices.

(Continued)

SUBJECT: DIGNITY FOR ALL STUDENTS (Cont'd.)

If a DAC vacates his or her position, the District will immediately designate an interim DAC, pending approval from the Board within 30 days. In the event a DAC is unable to perform his or her duties for an extended period of time, the District will immediately designate an interim DAC, pending the return of the previous individual to the position.

Training and Awareness

Each year, all employees will be provided with training to promote a supportive school environment that is free from harassment, bullying, and/or discrimination, and to discourage and respond to incidents of harassment, bullying, and/or discrimination. This training may be provided in conjunction with existing professional development, will be conducted consistent with guidelines approved by the Board, and will:

- a) Raise awareness and sensitivity to potential acts of harassment, bullying, and/or discrimination;
- b) Address social patterns of harassment, bullying, and discrimination and the effects on students;
- c) Inform employees on the identification and mitigation of harassment, bullying, and discrimination;
- d) Enable employees to prevent and respond to incidents of harassment, bullying, and/or discrimination;
- e) Make school employees aware of the effects of harassment, bullying, cyberbullying, and/or discrimination on students;
- f) Provide strategies for effectively addressing problems of exclusion, bias, and aggression;
- g) Include safe and supportive school climate concepts in curriculum and classroom management; and
- h) Ensure the effective implementation of school policy on conduct and discipline.

Rules against harassment, bullying, and discrimination will be included in the *Code of Conduct*, publicized District-wide, and disseminated to all staff and parents or persons in parental relation. Any amendments to the *Code of Conduct* will be disseminated as soon as practicable following their adoption. The District will provide new employees with a complete copy of the current *Code of Conduct* upon beginning their employment, and distribute an age-appropriate summary to all students at a school assembly at the beginning of each school year.

(Continued)

SUBJECT: DIGNITY FOR ALL STUDENTS (Cont'd.)**Reports and Investigations of Harassment, Bullying, and/or Discrimination**

The District encourages and expects students who have been subjected to harassment, bullying, or discrimination; parents or persons in parental relation whose children have been subjected to this behavior; other students who observe or are told of this behavior; and all District staff who become aware of this behavior to timely report it to the principal, Superintendent, DAC, or designee.

The principal, Superintendent, DAC, or designee will lead or supervise a timely and thorough investigation of all reports of harassment, bullying, and discrimination. The DAC or other individual conducting the investigation, may seek the assistance of the District's Civil Rights Compliance Officer in investigating, responding to, and remediating complaints.

In the event any investigation verifies that harassment, bullying, and/or discrimination occurred, the District will take prompt action reasonably calculated to end it, to eliminate any hostile environment, to create a more positive school culture and climate, to prevent recurrence of the behavior, and to ensure the safety of the student or students against whom the harassment, bullying, or discrimination was directed.

The Superintendent, principal, DAC, or designee will notify the appropriate local law enforcement agency when there is a reasonable belief that an incident of harassment, bullying, or discrimination constitutes criminal conduct.

The District will timely collect information related to incidents involving harassment, bullying, and discrimination; provide required internal reports; and complete and submit any required report to the State Education Department in the manner and within the timeframe specified by the Commissioner.

Prohibition of Retaliatory Behavior (Whistle-Blower Protection)

Any person who has reasonable cause to suspect that a student has been subjected to harassment, bullying, or discrimination by an employee or student on school grounds or at a school function, and who acts reasonably and in good faith in reporting it to school officials, the Commissioner of Education, or law enforcement authorities, or who otherwise initiates, testifies, participates, or assists in any formal or informal proceedings, will have immunity from any civil liability that may arise from making that report, or from initiating, testifying, participating, or assisting in those proceedings. The District also prohibits any retaliatory behavior directed against any complainant, victim, witness, or any other individual who participated in the reporting or investigation of an incident of alleged harassment, bullying, or discrimination.

Additionally, the District will strive to maintain a current version of this policy on its website at all times.

SUBJECT: TESTING MISCONDUCT AND MANDATORY REPORTING REQUIREMENTS

School District employees are expressly prohibited from: engaging in testing misconduct, as that term is described in the Regulations of the Commissioner of Education; assisting in the engagement of, or soliciting another to engage in testing misconduct; and/or the knowing failure to report testing misconduct. When committed by an employee of the School District in a position for which a teaching or school leader certificate is required, such actions or inactions will be deemed to raise a reasonable question of moral character under Part 83 of the Commissioner's Regulations. A School District employee in a position for which a teaching or school leader certificate is not required who commits an unlawful act in respect to examination and records will be subject to disciplinary action by the Board of Education in a manner consistent with New York State law and regulation and any collective bargaining requirement.

School District employees will report to the State Education Department any known incident of testing misconduct by a certified educator or any known conduct by a non-certified individual involved in the handling, administration or scoring of state assessments in violation of New York State law. Such report will be made in accordance with directions and procedures established by the Commissioner for the purpose of maintaining the security and confidential integrity of State assessments.

The School District will not dismiss or take other disciplinary or adverse action against an employee because he/she submitted a report regarding testing misconduct to the State Education Department. Any such adverse action by an individual holding a teaching or school leader certificate will be deemed to raise a reasonable question of moral character under Part 83 of the Commissioner's Regulations and may be referred to the Office of School Personnel Review and Accountability at the State Education Department.

8 NYCRR § 102.4

SUBJECT: SEXUAL HARASSMENT IN THE WORKPLACE

The District is committed to maintaining a discrimination-free work environment. Sexual harassment is one form of workplace discrimination. This policy addresses sexual harassment in the workplace and is one component of the District's commitment to a discrimination-free work environment. The District will provide this policy to all employees in writing. The District will post this policy prominently throughout the District to the extent practicable.

Sexual harassment is a form of employee misconduct, a violation of District policy, and unlawful. Employees of every level who engage in sexual harassment, including supervisory personnel who engage in sexual harassment, who knowingly allow such behavior to continue, or fail to report suspected sexual harassment will be subject to remedial and/or disciplinary action by the District. Sexual harassment may also subject the District to liability for harm to targets of sexual harassment. Harassers may also be individually subject to liability.

This policy applies to all instances of sexual harassment perpetrated against a "covered person," regardless of immigration status, by anyone in the workplace, including a co-worker, supervisor, or third-party such as a non-employee, paid or unpaid intern, vendor, building security, visitor, volunteer, parent, or student. For purposes of this policy, a "covered person" includes:

- a) Employees;
- b) Applicants for employment;
- c) Paid or unpaid interns; and
- d) Non-employees, which include anyone who is (or is employed by) a contractor, subcontractor, vendor, consultant, or other person providing services pursuant to a contract in the workplace.

Sexual harassment in the workplace can occur between any individuals, regardless of their sex or gender. Unlawful sexual harassment is not limited to the physical workplace itself. Sexual harassment can occur on school grounds, school buses or District vehicles, and at school-sponsored events, programs, or activities, including those that take place at locations off school premises. It can also occur while employees are traveling for District business. Calls, texts, emails, and social media usage can constitute unlawful workplace harassment, even if they occur away from school grounds, on personal devices, or during non-work hours.

What Constitutes Sexual Harassment

Sexual harassment is a form of sex discrimination and is unlawful under federal, state, and (where applicable) local law. Sexual harassment includes harassment on the basis of sex, sexual orientation, self-identified or perceived sex, gender expression, gender identity, and the status of being transgender.

(Continued)

Personnel

SUBJECT: SEXUAL HARASSMENT IN THE WORKPLACE (Cont'd.)

Sexual harassment includes unwelcome conduct which is either of a sexual nature, or which is directed at an individual because of that individual's sex when:

- a) Such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile or offensive work environment, even if the reporting individual is not the intended target of the sexual harassment;
- b) Such conduct is made either explicitly or implicitly a term or condition of employment; or
- c) Submission to or rejection of such conduct is used as the basis for employment decisions affecting an individual's employment.

A sexually harassing hostile work environment includes, but is not limited to, words, signs, jokes, pranks, intimidation or physical violence which are of a sexual nature, or which are directed at an individual because of that individual's sex. Sexual harassment also consists of any unwanted verbal or physical advances, sexually explicit derogatory statements or sexually discriminatory remarks made by someone which are offensive or objectionable to the recipient, which cause the recipient discomfort or humiliation, which interfere with the recipient's job performance.

Sexual harassment also occurs when a person in authority tries to trade job benefits for sexual favors. This can include hiring, promotion, continued employment or any other terms, conditions or privileges of employment. This is also called "quid pro quo" harassment.

Any covered person who feels harassed should report the conduct so that any violation of this policy can be corrected promptly. Any harassing conduct, even a single incident, can be addressed under this policy.

Examples of Sexual Harassment

The following describes some actions that may constitute unlawful sexual harassment and that are strictly prohibited:

- a) Physical acts of a sexual nature, such as:
 1. Touching, pinching, patting, kissing, hugging, grabbing, brushing against another person's body or poking another person's body; and
 2. Rape, sexual battery, molestation or attempts to commit these assaults.
- b) Unwanted sexual advances or propositions, such as:

(Continued)

Personnel

SUBJECT: SEXUAL HARASSMENT IN THE WORKPLACE (Cont'd.)

1. Requests for sexual favors accompanied by implied or overt threats concerning the target's job performance evaluation, a promotion or other job benefits or detriments; and
2. Subtle or obvious pressure for unwelcome sexual activities.
- c) Sexually oriented gestures, noises, remarks or jokes, or comments about a person's sexuality or sexual experience, which create a hostile work environment.
- d) Sex stereotyping, which occurs when conduct or personality traits are considered inappropriate simply because they may not conform to other people's ideas or perceptions about how individuals of a particular sex should act or look.
- e) Sexual or discriminatory displays or publications anywhere in the workplace, such as pictures, posters, calendars, graffiti, objects, promotional material, reading materials, or other materials that are sexually demeaning or pornographic. This includes such sexual displays on workplace computers or cell phones and sharing such displays while in the workplace.
- f) Hostile actions taken against an individual because of that individual's sex, sexual orientation, gender identity, and the status of being transgender, such as:
 1. Interfering with, destroying or damaging a person's workstation, tools or equipment, or otherwise interfering with the individual's ability to perform the job;
 2. Sabotaging an individual's work; and
 3. Bullying, yelling, or name-calling.

Prohibition of Retaliatory Behavior (Whistle-Blower Protection)

Unlawful retaliation can be any action that could discourage a covered person from coming forward to make or support a sexual harassment claim. Adverse action need not be job-related or occur in the workplace to constitute unlawful retaliation (e.g., threats of physical violence outside of work hours).

The District prohibits any retaliatory behavior directed against complainants, victims, witnesses, and/or any other individuals who participate in the investigation of a complaint of sexual harassment. Such retaliation is unlawful under federal, state, and (where applicable) local law. The New York State Human Rights Law protects any individual who has engaged in "protected activity." Protected activity occurs when a person has:

(Continued)

Personnel

SUBJECT: SEXUAL HARASSMENT IN THE WORKPLACE (Cont'd.)

- a) Made a complaint of sexual harassment, either internally or with any anti-discrimination agency;
- b) Testified or assisted in a proceeding involving sexual harassment under the Human Rights Law or other anti-discrimination law;
- c) Opposed sexual harassment by making a verbal or informal complaint of harassment to a supervisor, building principal, other administrator, or the Civil Rights Compliance Officer (CRCO);
- d) Reported that another employee has been sexually harassed; or
- e) Encouraged a fellow employee to report harassment.

Even if the alleged harassment does not turn out to rise to the level of a violation of law, the individual is protected from retaliation if the person had a good faith belief that the practices were unlawful. However, the retaliation provision is not intended to protect persons making intentionally false charges of harassment.

Reporting Sexual Harassment

Preventing sexual harassment is everyone's responsibility. The District cannot prevent or remedy sexual harassment unless it knows about it. Any covered person who has been subjected to behavior that may constitute sexual harassment is encouraged to report such behavior to a supervisor, building principal, other administrator, or the CRCO. Anyone who witnesses or becomes aware of potential instances of sexual harassment should report such behavior.

Reports of sexual harassment may be made verbally or in writing. A form for submission of a written complaint is posted on the District website, and all covered persons are encouraged to use this complaint form. Persons who are reporting sexual harassment on behalf of another person should use the complaint form and note that it is being submitted on another person's behalf.

Any person who believes they have been a target of sexual harassment may also seek assistance in other available forums, as explained below in the section on Legal Protections.

Supervisory Responsibilities

All supervisors, building principals, and other administrators who receive a complaint or information about suspected sexual harassment, observe what may be sexually harassing behavior or for any reason suspect that sexual harassment is occurring, are required to report such suspected sexual harassment to the CRCO. In the event the CRCO is the alleged harasser, the report will be directed to another CRCO, if the District has designated another individual to serve in that capacity, or to the Superintendent.

(Continued)

Personnel

SUBJECT: SEXUAL HARASSMENT IN THE WORKPLACE (Cont'd.)

In addition to being subject to discipline if they engaged in sexually harassing conduct themselves, supervisors, building principals, and other administrators will be subject to discipline for failing to report suspected sexual harassment or otherwise knowingly allowing sexual harassment to continue.

Supervisors, building principals, and other administrators will also be subject to discipline for engaging in any retaliation.

Investigating Complaints

All complaints or information about sexual harassment will be investigated, whether that information was reported in verbal or written form. Investigations will be conducted in a timely manner, and will be confidential to the extent possible.

An investigation of any complaint, information or knowledge of suspected sexual harassment will be prompt and thorough, commenced immediately and completed as soon as possible. The investigation will be kept confidential to the extent possible. Disclosure may, however, be necessary to complete a thorough investigation of the charges and/or notify law enforcement officials. All persons involved, including complainants, witnesses, and alleged harassers will be accorded due process, as outlined below, and in accordance with any applicable collective bargaining agreements to protect their rights to a fair and impartial investigation.

The District will not tolerate retaliation against anyone who files complaints, supports another's complaint, or participates in an investigation regarding a violation of this policy.

While the process may vary from case to case, investigations should be done in accordance with the following steps:

- a) Upon receipt of a complaint, the CRCO will conduct an immediate review of the allegations, and take any interim actions (e.g., instructing the respondent to refrain from communications with the complainant), as appropriate. In the event that the CRCO is the alleged harasser, the complaint will be directed to another CRCO or District designee for investigation.
- b) If a complaint is verbal, encourage the individual to complete the complaint form, which is available on the District website, in writing. If he or she refuses, prepare a complaint form based on the verbal reporting.
- c) If documents, emails, or phone records are relevant to the investigation, take steps to obtain and preserve them.
- d) Request and review all relevant documents, including all electronic communications.

(Continued)

Personnel

SUBJECT: SEXUAL HARASSMENT IN THE WORKPLACE (Cont'd.)

- e) Interview all parties involved, including any relevant witnesses. If a student is involved, the District will follow all applicable District policies and procedures regarding questioning students.
- f) Create written documentation of the investigation (such as a letter, memo or email), which contains the following:
 - 1. A list of all documents reviewed, along with a detailed summary of relevant documents;
 - 2. A list of names of those interviewed, along with a detailed summary of their statements;
 - 3. A timeline of events;
 - 4. A summary of prior relevant incidents, reported or unreported; and
 - 5. The basis for the decision and final resolution of the complaint, together with any corrective action(s).
- g) Keep the written documentation and associated documents in a secure and confidential location.
- h) Promptly notify the individual who reported and the individual(s) about whom the complaint was made of the final determination and implement any corrective actions identified in the written document.
- i) Inform the individual who reported of the right to file a complaint or charge externally as outlined in the next section.

If an investigation reveals that discrimination or harassment has occurred, the District will take immediate corrective action as warranted. This action will be taken in accordance with applicable laws and regulations, as well as any and all relevant codes of conduct, District policies and administrative regulations, collective bargaining agreements, and/or third-party contracts.

Annual Training

The District will provide a sexual harassment prevention training program to all employees on an annual basis. The training will be interactive and will include:

- a) An explanation of sexual harassment consistent with guidance issued by the Department of Labor in consultation with the Division of Human Rights;
- b) Examples of conduct that would constitute unlawful sexual harassment;

(Continued)

SUBJECT: SEXUAL HARASSMENT IN THE WORKPLACE (Cont'd.)

- c) Information concerning the federal and state statutory provisions concerning sexual harassment and remedies available to victims of sexual harassment;
- d) Information concerning employees' rights of redress and all available forums for adjudicating complaints; and
- e) Information addressing conduct by supervisors and any additional responsibilities for such supervisors.

Legal Protections and External Remedies

Sexual harassment is not only prohibited by the District but is also prohibited by state, federal, and, where applicable, local law.

Aside from the District's internal process, individuals may also choose to pursue legal remedies with the following governmental entities. While a private attorney is not required to file a complaint with a governmental agency, an individual may seek the legal advice of an attorney.

In addition to those outlined below, individuals may have additional legal protections.

State Human Rights Law (HRL)

The Human Rights Law (HRL), codified as N.Y. Executive Law, art. 15, § 290 et seq., applies to all employers in New York State with regard to sexual harassment, and protects covered persons, regardless of immigration status. A complaint alleging violation of the Human Rights Law may be filed either with the Division of Human Rights (DHR) or in New York State Supreme Court.

Complaints with DHR may be filed any time within one year of the harassment. If an individual did not file with DHR, they can sue directly in state court under the HRL, within three years of the alleged sexual harassment. An individual may not file with DHR if they have already filed a HRL complaint in state court.

Complaining internally to the District does not extend your time to file with DHR or in court. The one year or three years is counted from the date of the most recent incident of harassment.

Individuals do not need an attorney to file a complaint with DHR, and there is no cost to file with DHR.

DHR will investigate your complaint and determine whether there is probable cause to believe that sexual harassment has occurred. Probable cause cases are forwarded to a public hearing before an administrative law judge. If sexual harassment is found after a hearing, DHR has the power to award relief, which varies but may include requiring your employer to take action to stop the harassment, or redress the damage caused, including paying of monetary damages, attorney's fees and civil fines.

DHR's main office contact information is: NYS Division of Human Rights, One Fordham Plaza, Fourth Floor, Bronx, New York 10458. Individuals may call (718) 741-8400 or visit: www.dhr.ny.gov.

Contact DHR at (888) 392-3644 or visit dhr.ny.gov/complaint for more information about filing a complaint. The website has a complaint form that can be downloaded, filled out, notarized and mailed to DHR. The website also contains contact information for DHR's regional offices across New York State.

Civil Rights Act of 1964

The United States Equal Employment Opportunity Commission (EEOC) enforces federal anti-discrimination laws, including Title VII of the 1964 federal Civil Rights Act (codified as 42 USC § 2000e et seq.). An individual can file a complaint with the EEOC anytime within 300 days from the harassment. There is no cost to file a complaint with the EEOC. The EEOC will investigate the complaint, and determine whether there is reasonable cause to believe that discrimination has occurred, at which point the EEOC will issue a Right to Sue letter permitting the individual to file a complaint in federal court.

The EEOC does not hold hearings or award relief, but may take other action including pursuing cases in federal court on behalf of complaining parties. Federal courts may award remedies if discrimination is found to have occurred. In general, private employers must have at least 15 employees to come within the jurisdiction of the EEOC.

An individual alleging discrimination at work can file a "Charge of Discrimination." The EEOC has district, area, and field offices where complaints can be filed. Contact the EEOC by calling 1-800-669-4000 (TTY: 1-800-669-6820), visiting their website at www.eeoc.gov or via email at info@eeoc.gov.

If an individual filed an administrative complaint with DHR, DHR will file the complaint with the EEOC to preserve the right to proceed in federal court.

Title IX

Title IX of the Education Amendments of 1972 prohibits discrimination on the basis of sex in any federally funded education program or activity. The U.S. Department of Education's Office for Civil Rights (OCR) enforces Title IX of the Education Amendments of 1972.

For more information about how to file a complaint, contact OCR at 800-421-3481 (TDD 800-877-8339) or visit: <https://www2.ed.gov/about/offices/list/ocr/docs/howto.html>. The website contains information about filing the complaint online, by mail, or by email.

SUBJECT: STAFF-STUDENT RELATIONS (FRATERNIZATION)

The Board requires that all District employees maintain a professional, ethical relationship with District students that is conducive to an effective, safe learning environment, and that staff members act as role models for students at all times, whether on or off school property and both during and outside of school hours. Staff must establish appropriate personal boundaries with students and not engage in any behavior that could reasonably lead to even the appearance of impropriety.

Staff members are prohibited, under any circumstances, to date or engage in any improper fraternization or undue familiarity with students, regardless of the student's age or express or implied consent to this conduct. Further, employees will not entertain or socialize with students in a manner so as to create the perception that a dating relationship exists. Similarly, any action or comment by a staff member which invites romantic or sexual involvement with a student is considered highly unethical, in violation of District policy, and may result in the notification of law enforcement officials and the filing of criminal charges and/or disciplinary action by the District.

Inappropriate employee behavior includes, but is not limited to, flirting; making suggestive comments; dating; requests for sexual activity; physical displays of affection; giving inappropriate personal gifts; frequent personal communication with a student unrelated to course work or official school matters; providing alcohol or drugs to students; inappropriate touching; and engaging in sexual contact and/or sexual relations. Frequent personal communication with a student unrelated to course work or official school matters" means any form in which personal communication may occur including, but not limited to, voice or text-based communication via phone, email, instant messaging, text messaging, or through social networking websites.

Inappropriate fraternization of staff with students, even if the student participated willingly in the activity (regardless of the student's age), is against District policy and may be in violation of professional standards of conduct and New York State Law. However, inappropriate employee conduct does not need to rise to the level of criminal activity for the conduct to be in violation of District rules and subject to appropriate disciplinary sanctions.

Any student who believes that he or she has been subjected to inappropriate staff behavior as described in this policy, as well as students, school employees, or third parties who have knowledge of or witness any possible occurrence of inappropriate staff-student relations, must report the incident to any staff member or the employee's supervisor, the student's principal, or the District's designated Compliance Officer. In all circumstances, these reports will be forwarded to the designated Compliance Officer for further investigation. Anonymous complaints of inappropriate fraternization of staff members with students will also be investigated by the District. Investigations of allegations of inappropriate staff-student relations will follow the procedures utilized for complaints of harassment within the District. Allegations of inappropriate staff-student behavior will be promptly investigated and will be treated as confidential and private to the extent possible within legal constraints. If there is a finding upon completion of the investigation that inappropriate conduct occurred, District administration will take prompt corrective action.

Personnel

SUBJECT: STAFF-STUDENT RELATIONS (FRATERNIZATION) (Cont'd.)

Any employee having knowledge of or reasonable suspicion that another employee may have engaged in inappropriate conduct with a student that may constitute child abuse in an educational setting must also follow the District's reporting procedures for these allegations. This information will also be reported by the designated administrator as required by state law to law enforcement officials, the State Education Department (SED), and/or Child Protective Services as may be applicable.

If a student initiates inappropriate behavior toward a staff member, that employee will document the incident and report it to his or her building principal or supervisor immediately, or as soon as is practicable.

Prohibition of Retaliatory Behavior (Commonly Known as "Whistle-Blower" Protection)

The Board prohibits any retaliatory behavior directed against complainants, victims, witnesses, and/or any other individuals who participate in the investigation of allegations of inappropriate staff-student relations. Follow-up inquiries and/or appropriate monitoring will be made to ensure that the alleged conduct has not resumed and that all those involved in the investigation have not suffered retaliation. Any act of retaliation is subject to appropriate disciplinary action by the District.

District Responsibility/Training

The principal of each school and/or program supervisor will be responsible for informing students, staff, and volunteers of the requirements of this policy, including the duty to report and the procedures established for investigation and resolution of complaints. Further, staff training will be provided to facilitate staff identification of possible behavior that may constitute inappropriate staff-student relationships. Students will be provided this training in an age-appropriate manner.

This policy (or a summary) will be disseminated as appropriate to staff, students, and parents.

Disciplinary Sanctions

Any staff member who engages in inappropriate conduct with a student will be subject to appropriate disciplinary measures up to and including termination of employment in accordance with legal guidelines, District policy, and any applicable collective bargaining agreement. A violation of this policy may also subject the employee to criminal and/or civil sanctions as well as disciplinary action by the SED.

SUBJECT: STAFF USE OF COMPUTERIZED INFORMATION RESOURCES

The Board of Education will provide staff with access to various computerized information resources through the District's computer system (DCS hereafter) consisting of software, hardware, computer networks, wireless networks/access and electronic communication systems. This may include access to electronic mail, so-called "on-line services" and the "Internet." It may also include the opportunity for staff to have independent access to the DCS from their home or other remote locations, and/or to access the DCS from their personal devices. All use of the DCS and the wireless network, including independent use off school premises and use on personal devices, shall be subject to this policy and accompanying regulations.

The Board encourages staff to make use of the DCS to explore educational topics, conduct research and contact others in the educational world. The Board anticipates that staff access to various computerized information resources will both expedite and enhance the performance of tasks associated with their positions and assignments. To that end, the Board directs the Superintendent or his/her designee(s) to provide staff with training in the proper and effective use of the DCS.

Staff use of the DCS is conditioned upon written agreement by the staff member that use of the DCS will conform to the requirements of this policy and any regulations adopted to ensure acceptable use of the DCS. All such agreements shall be kept on file in the District Office.

Generally, the same standards of acceptable staff conduct which apply to any aspect of job performance shall apply to use of the DCS. Employees are expected to communicate in a professional manner consistent with applicable District policies and regulations governing the behavior of school staff. Electronic mail and telecommunications are not to be utilized to share confidential information about students or other employees.

Access to confidential data is a privilege afforded to District employees in the performance of their duties. Safeguarding this data is a District responsibility that the Board of Education takes very seriously. Consequently, District employment does not automatically guarantee the initial or ongoing ability to use mobile/personal devices to access the DCS and the information it may contain.

This policy does not attempt to articulate all required and/or acceptable uses of the DCS; nor is it the intention of this policy to define all inappropriate usage. Administrative regulations will further define general guidelines of appropriate staff conduct and use as well as proscribed behavior.

District staff shall also adhere to the laws, policies and rules governing computers including, but not limited to, copyright laws, rights of software publishers, license agreements, and rights of privacy protected by federal and state law.

Staff members who engage in unacceptable use may lose access to the DCS and may be subject to further discipline under the law and in accordance with applicable collective bargaining agreements. Legal action may be initiated against a staff member who willfully, maliciously or unlawfully damages or destroys property of the District.

SUBJECT: STAFF USE OF COMPUTERIZED INFORMATION RESOURCES (Cont'd.)**Social Media Use by Employees**

The School District recognizes the value of teacher and professional staff inquiry, investigation and communication using new technology tools to enhance student learning experiences. The School District also realizes its obligations to teach and ensure responsible and safe use of these new technologies. Social media, including social networking sites, have great potential to connect people around the globe and enhance communication. Therefore, the Board of Education encourages the use of District approved social media tools and the exploration of new and emerging technologies to supplement the range of communication and educational services.

For purposes of this Policy, the definition of **public social media networks or Social Networking Sites (SNS)** are defined to include: websites, Web logs (blogs), wikis, social networks, online forums, virtual worlds, video sites and any other social media generally available to the School District community which do not fall within the District's electronic technology network (e.g., Facebook, MySpace, Twitter, LinkedIn, Flickr, Vine, Instagram, SnapChat, blog sites, etc.). The definition of District approved password-protected social media tools are those that fall within the District's electronic technology network or which the District has approved for educational use. Within these internal forums, the District has greater authority and ability to protect minors from inappropriate content and can limit public access.

The use of social media (whether public or internal) can generally be defined as Official District Use, Professional/Instructional Use and Personal Use. The definitions, uses and responsibilities will be further defined and differentiated in the Administrative Regulation. The School District takes no position on an employee's decision to participate in the use of social media or SNS for personal use on personal time. However, personal use of these media during District time or on District-owned equipment is allowed on a limited basis. In addition, employees are encouraged to maintain the highest levels of professionalism when communicating, whether using District devices or their own personal devices, in their professional capacity as educators. They have a responsibility to address inappropriate behavior or activity on these networks, including requirements for mandated reporting and compliance with all applicable District Policies and Regulations.

Confidentiality, Private Information and Privacy Rights

Confidential and/or private data, including but not limited to, protected student records, employee personal identifying information, and District assessment data, shall only be loaded, stored or transferred to District-owned devices which have encryption and/or password protection. This restriction, designed to ensure data security, encompasses all computers and devices within the DCS, any mobile devices, including flash or key drives, and any devices that access the DCS from remote locations. Staff will not use email to transmit confidential files in order to work at home or another location. Staff will not use cloud-based storage services (such as Dropbox, GoogleDrive, SkyDrive, etc.) for confidential files.

**SUBJECT: STAFF USE OF COMPUTERIZED INFORMATION RESOURCES
(Cont'd.)**

Staff will not leave any devices unattended with confidential information visible. All devices are required to be locked down while the staff member steps away from the device, and settings enabled to freeze and lock after a set period of inactivity.

Staff data files and electronic storage areas shall remain District property, subject to District control and inspection. The Technology Coordinator may access all such files and communications without prior notice to ensure system integrity and that users are complying with requirements of this policy and accompanying regulations. Staff should **NOT** expect that information stored on the DCS will be private.

Implementation

Administrative regulations will be developed to implement the terms of this policy, addressing general parameters of acceptable staff conduct as well as prohibited activities so as to provide appropriate guidelines for employee use of the DCS.

SUBJECT: USE OF EMAIL IN THE SCHOOL DISTRICT

Electronic mail or email is a valuable business communication tool, however, users must use this tool in a responsible and lawful manner. Every employee and authorized user has a responsibility to be knowledgeable about the inherent risks associated with email usage and to avoid placing the District at risk. The same laws and business records requirements apply to email as to other forms of written communication. District employees and authorized users shall use the District's designated email system, such as Lotus Notes or Microsoft Exchange, for all business-related email, including emails in which students or student issues are involved. Personal accounts and instant messaging shall not be used to conduct official business.

Employee Acknowledgement

All employees and authorized users will be required to review a copy of the District's policies on staff use of computerized information resources and the regulations established in connection with those policies. Each user must annually acknowledge this employee and authorized user agreement before establishing an account or continuing in his/her use of email.

Classified and Confidential

District employees and authorized users may not:

- a) Provide lists or information about District employees or students to others and/or classified information without approval. Questions regarding usage and requests for such lists or information should be directed to a principal/supervisor;
- b) Forward emails with confidential, sensitive, or secure information without principal/supervisor authorization. Additional precautions, such as encryption, should be taken when sending documents of a confidential nature;
- c) Use file names that may disclose confidential information. Confidential files should be password protected and encrypted. File protection passwords shall not be transmitted via email correspondence;
- d) Use email to transmit any individual's personal, private and sensitive information (PPSI). PPSI includes social security number, driver's license number or non-driver ID number, account number, credit/debit card number and security code, or any access code/password that permits access to financial accounts or protected student records;
- e) Send or forward emails with comments or statements about the District that may negatively impact it; or
- f) Send or forward email that contains confidential information subject to Health Insurance Portability and Accountability Act (HIPAA), Family Educational Rights and Privacy Act (FERPA), and other applicable laws.

(Continued)

SUBJECT: USE OF EMAIL IN THE SCHOOL DISTRICT (Cont'd.)**Personal Use**

Employees and authorized users may use the District's email system for limited personal use. However, employees and authorized users have no expectation of privacy in email use. Employees and authorized users shall not access any other email account or system (Yahoo, Hotmail, AOL, etc.) via the District's network or use the District's email programs to conduct job searches, post personal information to bulletin boards, blogs, chat groups, and list services, etc. without specific permission from the principal/supervisor. The District's email system also shall not be used for personal gain or profit.

Receiving Unacceptable Mail

Employees and authorized users who receive offensive, unpleasant, harassing, or intimidating messages via District email or instant messaging should inform their principal/supervisor immediately.

Records Management and Retention

Email shall be maintained and archived in accordance with the NYS Records Retention and Disposition Schedule ED-1 and as outlined in the Records Management Policy. Email records may consequently be deleted, purged, or destroyed after they have been retained for the requisite time period established in the ED-1 schedule.

Training

Employees/authorized users should receive regular training on the following topics:

- a) The appropriate use of email with students, parents and other staff to avoid issues regarding harassment and/or charges of fraternization;
- b) Confidentiality of emails;
- c) Permanence of email: email is never truly deleted, as the data can reside in many different places and in many different forms; and
- d) No expectation of privacy: email use on District property is NOT to be construed as private.

Sanctions

The Computer Coordinator may report inappropriate use of email by an employee/authorized user to the employee/authorized user's principal/supervisor who may take appropriate disciplinary action. Violations may result in a loss of email use, access to the technology network, and/or other disciplinary action. When applicable, law enforcement agencies may be contacted.

Students

**SUBJECT: STUDENT USE OF COMPUTERIZED INFORMATION RESOURCES
(ACCEPTABLE USE POLICY)**

The Board of Education will provide access to various computerized information resources through the District's computer system ("DCS" hereafter) consisting of software, hardware, computer networks and electronic communications systems. This may include access to electronic mail, so-called "on-line services" and the "Internet." It may include the opportunity for some students to have independent access to the DCS from their home or other remote locations. All use of the DCS, including independent use off school premises, shall be subject to this policy and accompanying regulations. Further, all such use must be in support of education and/or research and consistent with the goals and purposes of the School District.

Access to Inappropriate Content/Material and Use of Personal Technology or Electronic Devices

This policy is intended to establish general guidelines for the acceptable student use of the DCS and also to give students and parents/guardians notice that student use of the DCS will provide student access to external computer networks not controlled by the School District. The District cannot screen or review all of the available content or materials on these external computer networks. Thus some of the available content or materials on these external networks may be deemed unsuitable for student use or access by parents/guardians.

Despite the existence of District policy, regulations and guidelines, it is virtually impossible to completely prevent access to content or material that may be considered inappropriate for students. Students may have the ability to access such content or material from their home, other locations off school premises and/or with a student's own personal technology or electronic device on school grounds or at school events. Parents and guardians must be willing to establish boundaries and standards for the appropriate and acceptable use of technology and communicate these boundaries and standards to their children. The appropriate/acceptable use standards outlined in this policy apply to student use of technology via the DCS or any other electronic media or communications, including by means of a student's own personal technology or electronic device on school grounds or at school events.

Standards of Acceptable Use

Generally, the same standards of acceptable student conduct which apply to any school activity shall apply to use of the DCS. This policy does not attempt to articulate all required and/or acceptable uses of the DCS; nor is it the intention of this policy to define all inappropriate usage. Administrative regulations will further define general guidelines of appropriate student conduct and use as well as proscribed behavior.

District students shall also adhere to the laws, policies and rules governing computers including, but not limited to, copyright laws, rights of software publishers, license agreements, and student rights of privacy created by federal and state law.

(Continued)

**SUBJECT: STUDENT USE OF COMPUTERIZED INFORMATION RESOURCES
(ACCEPTABLE USE POLICY) (Cont'd.)**

Students who engage in unacceptable use may lose access to the DCS in accordance with applicable due process procedures, and may be subject to further discipline under the District's school conduct and discipline policy and the District *Code of Conduct*. The District reserves the right to pursue legal action against a student who willfully, maliciously or unlawfully damages or destroys property of the District. Further, the District may bring suit in civil court against the parents/guardians of any student who willfully, maliciously or unlawfully damages or destroys District property pursuant to General Obligations Law Section 3-112.

Student data files and other electronic storage areas will be treated like school lockers. This means that such areas shall be considered to be School District property subject to control and inspection. The Computer Coordinator may access all such files and communications without prior notice to ensure system integrity and that users are complying with the requirements of this policy and accompanying regulations. Students should **NOT** expect that information stored on the DCS will be private.

Notification

The District's Acceptable Use Policy and Regulations will be disseminated to parents and students in order to provide notice of the school's requirements, expectations, and students' obligations when accessing the DCS.

Regulations will be established as necessary to implement the terms of this policy.

NOTE: Refer also to Policy #8271 -- Internet Safety/Internet Content Filtering
District *Code of Conduct*

Adopted: 7/1/19

Students

SUBJECT: SEARCHES AND INTERROGATIONS OF STUDENTS

A student may be searched and prohibited items seized on school grounds or in a school building by an authorized District official only when he or she has reasonable suspicion to believe the student has engaged in or is engaging in activity which is in violation of the law and/or the rules of the school (i.e., the District *Code of Conduct*). The reasonableness of any search involves a twofold inquiry: 1) school officials must first determine whether the action was justified at its inception, and 2) determine whether the search, as actually conducted, was reasonably related in scope to the circumstances which justified the interference in the first place.

Factors to be considered in determining whether reasonable suspicion exists to search a student include:

- a) The age of the student;
- b) The student's school record and past history;
- c) The predominance and seriousness of the problem in the school where the search is directed;
- d) The probative value and reliability of the information used as a justification for the search;
- e) The school official's prior knowledge of and experience with the student; and
- f) The urgency to conduct the search without delay.

If reasonable suspicion exists to believe that a student has violated or is violating the law and/or school rules, it is permissible for an authorized school official to search that student's outer clothing, pockets, or property. The search may include, but is not limited to, the student's outer clothing such as a jacket or coat, pockets, backpack, and/or purse. Whenever possible, searches will be conducted by a staff member of the same sex as the student and another staff member will be present as a witness.

Strip Searches

A strip search is a search that requires a student to remove any or all of his or her clothing, other than an outer coat or jacket. Strip searches are intrusive in nature and are almost never justified. If school officials have highly credible evidence that such a search would prevent danger or yield evidence, such a search may be conducted under exigent circumstances. In the alternative, if school authorities believe there is an emergency situation that could threaten the safety of others, the student will, to the extent practicable, be isolated and secured. Police and parents will be contacted immediately.

(Continued)

SUBJECT: SEARCHES AND INTERROGATIONS OF STUDENTS (Cont'd.)**Scope of Search**

School officials are authorized to conduct searches of students and their belongings if the authorized school official has reasonable suspicion to believe that the search will produce evidence that the student has violated or is violating the law and/or the *Code of Conduct*.

School officials, whenever possible, will seek the least intrusive means to conduct a search to safeguard the privacy interests of students in their person and property.

Searches and Seizure of School Property

Student desks, lockers, textbooks, computers, and other materials, supplies, or storage spaces loaned by the school to students remain the property of the school, and may be opened and inspected by school employees at any time without prior notice and without their consent. The purpose of these searches, when they occur, is to ensure the safety of students, faculty, and staff, enhance school security and prevent disruptions of the learning environment. Students have no reasonable expectation of privacy with respect to school property; and school officials retain complete control over this property. However, a student's personal belongings contained within a locker, desk, etc. are subject to the reasonable suspicion standard for searches by an authorized school official.

Parent Notification

The student's parent or guardian will be notified if any illegal, prohibited, or dangerous articles or materials are found in the student's locker, vehicle, or other property or possessions, or on the student's person, as a result of a search conducted in accordance with this policy.

Documentation of Searches

The designated school official conducting the search will be responsible for the custody, control, and disposition of any illegal, prohibited, or dangerous items taken from the student. The school official or designee must clearly label each item taken from the student and retain control of the item(s) until the item(s) is turned over to the police or secured by alternate means.

This school official will also be responsible for promptly documenting information about the search including, but not limited to, the reason for the search, the purpose of the search, the type and scope of the search, and the results of the search.

(Continued)

SUBJECT: SEARCHES AND INTERROGATIONS OF STUDENTS (Cont'd.)**Questioning of Students by School Officials**

School officials have the right to question students regarding any violations of school rules and/or illegal activity. In general, school officials may conduct investigations concerning reports of misconduct including, but not limited to, questioning students, staff, parents/guardians, or other individuals as may be appropriate and, when necessary, determining disciplinary action in accordance with applicable due process rights.

Should the questioning of students by school officials focus on the actions of one particular student, the student will be questioned, if possible, in private outside the presence of other students, by the appropriate school administrator(s). The student's parent or guardian may be contacted; the degree, if any, of parental or guardian involvement will vary depending upon the nature and the reason for questioning, and the necessity for further action which may occur as a result.

The questioning of students by school officials does not preclude subsequent questioning or interrogations by police authorities as otherwise permitted by law. Similarly, the questioning of students by school officials does not negate the right or responsibility of school officials to contact appropriate law enforcement agencies, as necessary, with regard to statements given by students to school officials.

School officials acting alone and on their own authority, without the involvement of, or on behalf of law enforcement officials, are not required to give the so-called "Miranda warnings" (i.e., advising a person, prior to any custodial interrogations as defined in law, of the right to remain silent; that any statement made by the individual may be used as evidence against him or her; and that the individual has the right to the presence of an attorney, either retained or appointed) prior to the questioning of students.

Law Enforcement Officials

A cooperative effort will be maintained between the school administration and law enforcement agencies. Law enforcement officials may be summoned in order to conduct an investigation of alleged criminal conduct on school premises or during a school-sponsored activity, or to maintain the educational environment. They may also be summoned for the purpose of maintaining or restoring order when the presence of officers is necessary to prevent injury to persons or property.

Administrators have the responsibility and authority to determine when the assistance of law enforcement officers is necessary within their respective jurisdictions.

(Continued)

SUBJECT: SEARCHES AND INTERROGATIONS OF STUDENTS (Cont'd.)**School Resource Officers**

The District may utilize School Resource Officers (SROs), i.e., law enforcement officers who work within the school building. There are different types of SROs: those employed by the District and those employed by local law enforcement. SROs, acting in their capacity as law enforcement, are held to a different search standard than District staff. Searches by law enforcement SROs must be justified by probable cause, not the District's standard of reasonable suspicion. District staff need to clearly establish who is initiating and conducting a search, the District or law enforcement, and that the appropriate standard for the search has been met.

Dissemination of Information

Copies of this policy will be distributed to students when they enroll in school, and will be included in the District *Code of Conduct* available to students and parents at the beginning of each school year.

Interrogation of Students by Law Enforcement Officials

Generally, police authorities may only interview students on school premises without the permission of the parent or guardian in situations where a warrant has been issued for the student's arrest (or removal). Police authorities may also question students for general investigations or general questions regarding crimes committed on school property. In all other situations, unless an immediate health or safety risk exists, if the police wish to speak to a student without a warrant they must address the matter directly with the student's parent or guardian.

Whenever police wish to question a student on school premises, administration will attempt to notify the student's parent or guardian.

If possible, questioning of a student by police will take place in a private area outside the presence of other students but in the presence of the building principal or designee.

Child Protective Services' Investigations

Occasionally, Child Protective Services (CPS) may desire to conduct interviews of students on school property. These interviews generally pertain to allegations of suspected child abuse or maltreatment. The Board encourages cooperation with CPS with respect to access to records and access to any child named as a victim, any of the victim's siblings, or any other child residing in the same home as the named victim, in accordance with applicable law.

SUBJECT: CORPORAL PUNISHMENT/EMERGENCY INTERVENTIONS**Corporal Punishment**

Corporal punishment as a means of discipline shall not be used against a student by any teacher, administrator, officer, employee or agent of this School District.

Whenever a school employee uses physical force against a student, the school employee shall immediately report the situation to his/her Principal/Supervisor. The Principal/Supervisor shall, within the same school day, make a report to the Superintendent describing in detail the circumstances and the nature of the action taken.

The Superintendent of Schools shall submit a written report semi-annually to the Commissioner of Education, with copies to the Board of Education, by January 15 and July 15 of each year, setting forth the substance of each written complaint about the use of corporal punishment received by the Cheektowaga Central School District authorities during the reporting period, the results of each investigation, and the action, if any, taken by the school authorities in each case.

Emergency Interventions

However, if alternative procedures and methods which would not involve physical force do not work, then the use of reasonable physical force is not prohibited for the following reasons:

- a) Self-protection;
- b) Protection of others;
- c) Protection of property; or
- d) Restraining/removing a disruptive student.

Such emergency interventions shall only be used in situations where alternative procedures and methods not involving the use of reasonable physical force cannot reasonably be employed. Emergency interventions shall not be used as a punishment or as a substitute for systematic behavioral interventions that are designed to change, replace, modify or eliminate a targeted behavior.

Staff who may be called upon to implement emergency interventions will be provided appropriate training in safe and effective restraint procedures. The parent(s) of the student shall be notified whenever an emergency intervention is utilized.

The District will maintain documentation on the use of emergency interventions for each student including:

- a) Name and date of birth of student;

(Continued)

SUBJECT: CORPORAL PUNISHMENT/EMERGENCY INTERVENTIONS (Cont'd.)

- b) Setting and location of the incident;
- c) Name of staff or other persons involved;
- d) Description of the incident and emergency intervention used, including duration;
- e) A statement as to whether the student has a current behavioral intervention plan; and
- f) Details of any injuries sustained by the student or others, including staff, as a result of the incident.

This documentation will be reviewed by District supervisory personnel and, if necessary, by the school nurse or other medical personnel.

SUBJECT: CHILD ABUSE AND MALTREATMENT**Familial Child Abuse**

The School District takes seriously the obligations of its officers and employees to report cases of child abuse or maltreatment. To this end, regulations shall be developed, maintained and disseminated by administration regarding the:

- a) Mandatory reporting of suspected child abuse or maltreatment;
- b) Reporting procedures and obligations of persons required to report;
- c) Provisions for taking a child into protective custody;
- d) Mandatory reporting of deaths;
- e) Immunity from liability and penalties for failure to report;
- f) Obligations for provision of services and procedures necessary to safeguard the life of a child; and
- g) Provision of information in recognizing signs of unlawful methamphetamine laboratories for all current and new school officials (i.e., "mandated reporters") who, as part of their usual responsibilities, visit children's homes.

Additionally, an ongoing training program for all current and new school officials shall be established and implemented to enable such staff to carry out their reporting responsibilities.

Reporting Information

The District will post the child abuse hotline telephone number and directions for accessing the Office of Children and Family Services (OCFS) website in English and Spanish on its website and in clearly and highly visible areas of school buildings. The District will also make this information available from its administrative offices; provide it to parents and persons in parental relation at least once per school year by electronic communication, sending the information home with students, or otherwise; and provide it to each teacher and administrator. The District may post and provide this information in other, common languages used by the school community.

Persons Required to Report

Persons required to report cases of child abuse or maltreatment to the State Central Register (SCR) pursuant to Social Services Law Section 413(1) include, but are not limited to, school teachers, school guidance counselors, school psychologists, school social workers, school nurses, school administrators

or other school personnel required to hold a teaching or administrative license or certificate, and full- or part-time compensated school employees required to hold a temporary coaching license or professional coaching certificate.

All mandated reporters shall make the report themselves and then immediately notify the Building Principal or his/her designee. The Building Principal or his/her designee shall be responsible for all subsequent administration necessitated by the report.

Any report shall include the name, title and contact information for every staff member who is believed to have direct knowledge of the allegations in the report.

Prohibition of Retaliatory Personnel Action

Social Services Law Section 413(1) also prohibits a school from taking any retaliatory personnel action against an employee because such employee believes that he/she has reasonable cause to suspect that a child is an abused or maltreated child and that employee makes a report to SCR pursuant to Social Services Law. Further, no school or school official shall impose any conditions, including prior approval or prior notification, upon any staff member specifically designated a mandated reporter.

Pursuant to Labor Law Section 740(1)(e), "retaliatory personnel action" means the discharge, suspension or demotion of an employee, or other adverse employment action taken against an employee in the terms and conditions of employment.

Report Form

The "**Report of Suspected Child Abuse or Maltreatment**" Form LDSS-2221A may be accessed at the website of the New York State Office of Children and Family Services.

Child Abuse in an Educational Setting

The School District is committed to the protection of students in educational settings from abuse and maltreatment by employees or volunteers as enumerated in law.

"Child abuse" shall mean any of the following acts committed in an educational setting by an employee or volunteer against a child:

- a) Intentionally or recklessly inflicting physical injury, serious physical injury or death; or
- b) Intentionally or recklessly engaging in conduct which creates a substantial risk of such physical injury, serious physical injury or death; or

SUBJECT: CHILD ABUSE AND MALTREATMENT (Cont'd.)

- c) Any child sexual abuse, defined as conduct prohibited by Penal Law Articles 130 or 263; or
- d) The commission or attempted commission against a child of the crime of disseminating indecent materials to minors pursuant to Penal Law Article 235.

"Educational setting" shall mean the building(s) and grounds of the School District; the vehicles provided by the School District for the transportation of students to and from school buildings, field trips, co-curricular and extracurricular activities both on and off School District grounds; all co-curricular and extracurricular activity sites; and any other location where direct contact between an employee or volunteer and a child has allegedly occurred.

In any case where an oral or written allegation is made to a teacher, school's registered professional nurse, school guidance counselor, school psychologist, school social worker, school administrator, School Board member, or other school personnel required to hold a teaching or administrative license or certificate, that a child (defined in the law as a person under the age of 21 years enrolled in a school district in this state) has been subjected to child abuse by an employee or volunteer in an educational setting, that person shall upon receipt of such allegation:

- a) Promptly complete a written report of such allegation including the full name of the child alleged to be abused; the name of the child's parent; the identity of the person making the allegation and their relationship to the alleged child victim; the name of the employee or volunteer against whom the allegation was made; and a listing of the specific allegations of child abuse in an educational setting. Such written report shall be completed on a form as prescribed by the Commissioner of Education.
- b) Except where the school administrator is the person receiving such an oral or written allegation, the employee completing the written report must promptly *personally deliver* a copy of that written report to the school administrator of the school in which the child abuse allegedly occurred (subject to the following paragraph).

In any case where it is alleged the child was abused by an employee or volunteer of a school other than a school within the school district of the child's attendance, the report of such allegations shall be promptly forwarded to the Superintendent of Schools of the school district of the child's attendance and the school district where the abuse allegedly occurred.

Any employee or volunteer who reasonably and in good faith makes a report of allegations of child abuse in an educational setting in accordance with the reporting requirements of the law shall have immunity from civil liability which might otherwise result by reason of such actions.

Upon receipt of a written report alleging child abuse in an educational setting, the school administrator or Superintendent must then determine whether there is "reasonable suspicion" to believe that such an act of child abuse has occurred. Where there has been a determination as to the existence

Students

SUBJECT: CHILD ABUSE AND MALTREATMENT (Cont'd.)

of such reasonable suspicion, the school administrator or Superintendent must follow the notification/reporting procedures mandated in law and further enumerated in administrative regulations including parental notification. When the school administrator receives a written report, he/she shall promptly provide a copy of such report to the Superintendent. Where the school administrator or Superintendent has forwarded a written report of child abuse in an educational setting to law enforcement authorities, the Superintendent shall also refer such report to the Commissioner of Education where the employee or volunteer alleged to have committed such an act of child abuse holds a certification or license issued by the State Education Department.

Any school administrator or Superintendent who reasonably and in good faith makes a report of allegations of child abuse in an educational setting, or reasonably and in good faith transmits such a report to a person or agency as required by law, shall have immunity from civil liability which might otherwise result by reason of such actions.

Reports and other written material submitted pursuant to law with regard to allegations of child abuse in an educational setting, and photographs taken concerning such reports that are in the possession of any person legally authorized to receive such information, *shall be confidential and shall not be redisclosed except* to law enforcement authorities involved in an investigation of child abuse in an educational setting or as expressly authorized by law or pursuant to a court-ordered subpoena. School administrators and the Superintendent shall exercise reasonable care in preventing such unauthorized disclosure.

Additionally, teachers and all other school officials shall be provided an annual written explanation concerning the reporting of child abuse in an educational setting, including the immunity provisions as enumerated in law. Further, the Commissioner of Education shall furnish the District with required information, including rules and regulations for training necessary to implement District/staff responsibilities under the law.

Prohibition of "Silent" (Unreported) Resignations

The Superintendent and other school administrators are prohibited from withholding from law enforcement authorities, the Superintendent or the Commissioner of Education, where appropriate, information concerning allegations of child abuse in an educational setting against an employee or volunteer in exchange for that individual's resignation or voluntary suspension from his/her position.

Superintendents (or a designated administrator) who reasonably and in good faith report to law enforcement officials information regarding allegations of child abuse or a resignation as required pursuant to the law shall have immunity from any liability, civil or criminal, which might otherwise result by reason of such actions.

SUBJECT: DIGNITY FOR ALL STUDENTS

The District seeks to create an environment free of harassment, bullying, and discrimination; to foster civility in its schools; and to prevent conduct that is inconsistent with its educational mission. The District, therefore, prohibits all forms of harassment and bullying of students by employees or other students on school property and at school functions. The District further prohibits discrimination against students, including, but not limited to, discriminatory acts based on a person's actual or perceived race, color, weight, national origin, ethnic group, religion, religious practice, disability, sexual orientation, gender, or sex by school employees or other students on school property and at school functions that take place at locations off school property. In addition, other acts of harassment, bullying, or discrimination that can reasonably be expected to materially and substantially disrupt the education process may be subject to discipline or other corrective action.

Dignity Act Coordinator

In each of its schools, the District will designate at least one employee holding licenses or certifications as required by the Commissioner to serve as the Dignity Act Coordinator (DAC). Each DAC will be thoroughly trained to handle human relations in the areas of race, color, weight, national origin, ethnic group, religion, religious practice, disability, sexual orientation, gender (including gender identity or expression), and sex. Training will also be provided for DACs which addresses: the social patterns of harassment, bullying, and discrimination, including, but not limited that to, those acts based on a person's actual or perceived race, color, weight, national origin, ethnic group, religion, religious practice, disability, sexual orientation, gender, and sex; the identification and mitigation of harassment, bullying, and discrimination; and strategies for effectively addressing problems of exclusion, bias, and aggression in educational settings. All DAC appointments will be approved by the Board.

The District will widely disseminate the name, designated school, and contact information of each DAC to all school personnel, students, and parents or persons in parental relation by:

- a) Listing it in the *Code of Conduct*, with updates posted on the District's website; and
- b) Including it in the *Code of Conduct's* plain language summary provided to all parents or persons in parental relation to students before the beginning of each school year; and
- c) Providing it to parents or persons in parental relation in at least one District or school mailing or other method of distribution, including, but not limited to, electronic communication and/or sending information home with each student. If the information changes, parents and persons in parental relation will be notified in at least one subsequent District or school mailing, or other method of distribution as soon as practicable thereafter; and
- d) Posting it in highly visible areas of school buildings; and
- e) Making it available at the District and school-level administrative offices.

(Continued)

SUBJECT: DIGNITY FOR ALL STUDENTS (Cont'd.)

If a DAC vacates his or her position, the District will immediately designate an interim DAC, pending approval from the Board within 30 days. In the event a DAC is unable to perform his or her duties for an extended period of time, the District will immediately designate an interim DAC, pending the return of the previous individual to the position.

Training and Awareness

Each year, all employees will be provided with training to promote a supportive school environment that is free from harassment, bullying, and/or discrimination, and to discourage and respond to incidents of harassment, bullying, and/or discrimination. This training may be provided in conjunction with existing professional development, will be conducted consistent with guidelines approved by the Board, and will:

- a) Raise awareness and sensitivity to potential acts of harassment, bullying, and/or discrimination;
- b) Address social patterns of harassment, bullying, and discrimination and the effects on students;
- c) Inform employees on the identification and mitigation of harassment, bullying, and discrimination;
- d) Enable employees to prevent and respond to incidents of harassment, bullying, and/or discrimination;
- e) Make school employees aware of the effects of harassment, bullying, cyberbullying, and/or discrimination on students;
- f) Provide strategies for effectively addressing problems of exclusion, bias, and aggression;
- g) Include safe and supportive school climate concepts in curriculum and classroom management; and

SUBJECT: DIGNITY FOR ALL STUDENTS (Cont'd.)**Reports and Investigations of Harassment, Bullying, and/or Discrimination**

The District encourages and expects students who have been subjected to harassment, bullying, or discrimination; parents or persons in parental relation whose children have been subjected to this behavior; other students who observe or are told of this behavior; and all District staff who become aware of this behavior to timely report it to the principal, Superintendent, DAC, or designee.

The principal, Superintendent, DAC, or designee will lead or supervise a timely and thorough investigation of all reports of harassment, bullying, and discrimination. The DAC or other individual conducting the investigation, may seek the assistance of the District's Civil Rights Compliance Officer in investigating, responding to, and remedying complaints.

In the event any investigation verifies that harassment, bullying, and/or discrimination occurred, the District will take prompt action reasonably calculated to end it, to eliminate any hostile environment, to create a more positive school culture and climate, to prevent recurrence of the behavior, and to ensure the safety of the student or students against whom the harassment, bullying, or discrimination was directed.

The Superintendent, principal, DAC, or designee will notify the appropriate local law enforcement agency when there is a reasonable belief that an incident of harassment, bullying, or discrimination constitutes criminal conduct.

The District will timely collect information related to incidents involving harassment, bullying, and discrimination; provide required internal reports; and complete and submit any required report to the State Education Department in the manner and within the timeframe specified by the Commissioner.

Prohibition of Retaliatory Behavior (Whistle-Blower Protection)

Any person who has reasonable cause to suspect that a student has been subjected to harassment, bullying, or discrimination by an employee or student on school grounds or at a school function, and who acts reasonably and in good faith in reporting it to school officials, the Commissioner of Education, or law enforcement authorities, or who otherwise initiates, testifies, participates, or assists in any formal or informal proceedings, will have immunity from any civil liability that may arise from making that report, or from initiating, testifying, participating, or assisting in those proceedings. The District also prohibits any retaliatory behavior directed against any complainant, victim, witness, or any other individual who participated in the reporting or investigation of an incident of alleged harassment, bullying, or discrimination.
