Week in Review (3/20-3/24)

## Quote of the Week

"Before we can FORGIVE one another, we have to understand one another"

## Lean On Me...

On Thursday, March 23, thirteen high students who are active district mentors visited their paired students at Union East. The mentors and mentees began planning this spring's garden. Students worked together to plant seeds and in the coming weeks will care for them until they are ready to be moved to the garden. The group's next activity will be stepping stones that will also contribute to this same purpose.

## Top Notch Writers...

Congratulations to the following students who won the Tops Markets Black History Month Essay Contest: Mubarak Eniola, Abdelrahman Al-Shafai, Imani Reeves, Cach'e White, Abdul Hadhi Rifas (not pictured)

As a result of having 5 winners, the Middle School will receive \$500 toward it's Tops in Education program. We are proud of all of our students who participated in the Tops Markets Black History Month Essay Contest.

## A New Revolution...

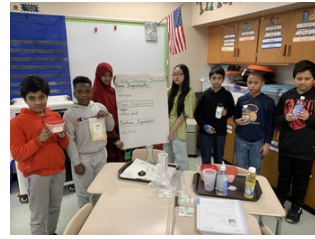

Students in Miss Hlavaty and Ms. Reeb's 4th grade classes got to experience the life of a Revolutionary War Soldier while discussing the author's purpose during an ELA lesson. The students found enjoyment in seeing Miss Hlavaty dress up!

## Like Oil & Water...

Through scientific investigations during the modeling matter unit, students used an emulsifier to create salad dressing that was completely mixed. The ingredients are listed on the poster and the students are holding the ingredients.

## "Cell"ebrate Your Will Power...

On Wednesday, SADD (Students Against Destructive Decisions) sponsored an "Unplug Day" which encouraged High School students to take a break from their phones and do some things that didn't require a device or social media. Unplugging allows us to boost productivity, get better sleep, build connections and live in the moment. Participating students turned their phone in for the day and received a snack. Over 40 students and staff members participated and most agreed that it was a lot easier than they thought it would be!

**UNPLUG FOR THE DAY!**

Take advantage of an opportunity to gain awareness of your tech habits and develop new ones!

**Leave your phone in the office
