Week in Review (5/30-6/2)

Character Word of the Month-ENDURANCE

A poster for the Seussical Kids production. It features a white background with red curtains on the sides. At the top, it says "Union East Elementary presents" in a simple font. Below that is a drawing of the Cat in the Hat's head. The word "Seussical" is written in a large, stylized, cursive font, and "KIDS" is written in a smaller, bold, sans-serif font below it. The showtimes are listed in a simple font: "Thursday, June 1 - 7:00 pm", "Friday, June 2 - 7:00 pm", "Saturday, June 3 - 2:00 pm", and "Saturday, June 3 - 5:00 pm". At the bottom, there is a paragraph of text: "This is a family friendly show. The production runs approximately 45 minutes." followed by "Admission - \$5/ticket" and "Under age 3 is free". At the very bottom, it says "Tickets can be purchased in the Union East Main Office.".

A poster for a virtual parent presentation. It features a large red letter 'C' at the top. Below it, the title 'Virtual Parent Presentation' is written in a bold, dark red font, followed by 'Open to all K-12 parents/guardians' in a smaller, black font. A yellow banner contains the date and time 'June 8th • 6pm' and the instruction 'Must Register to receive webinar link'. Below this, a red double arrow points to the title 'Redefining Consequence: Considerations and Strategies for Addressing Challenging Behaviors and Developing Emotional Functioning Skills'. A paragraph of text describes the seminar's focus on evidence-based strategies for challenging behaviors. At the bottom, it provides the registration link and a thank-you message. A faint illustration of a quill pen is visible in the background.

►► **Redefining Consequence:
Considerations and Strategies for Addressing Challenging
Behaviors and Developing Emotional Functioning Skills**

This seminar is designed for parents/caregivers who live with a child who demonstrates recurring challenging behaviors. This presentation goes beyond determining what is causing challenging behaviors and examines how many conventional ways of responding to difficult behavior contribute to the persistence of challenges. Practical evidence-based strategies to decrease maladaptive behaviors, increase adaptive alternative behaviors, and evaluate the effectiveness of intervention plans will be offered. Attendees will consider whether their current means of responding to challenging behaviors include the necessary elements to build skills and curtail future problematic behaviors. Specific case examples will be provided.

Register online at: nysrcasd.org/events/1151/registrations/new

When participant registers they will receive a message indicating:
Thank you for registering for the webinar:

Let's Go...

Students in Ms. Hlalvaty and Mrs. Reeb's 4th grade class constructed Lego creations with motors and then coded/programmed them to be interactive! Students built snails with flashing lights and music and fans!

Weave it to Us...

This week 5th graders in Ms. Hallmark's room started a weaving project. They worked in pairs wrapping warp threads around their frames and will then start weaving using a design they created.

The Wild Side...

Our second graders at Union East Elementary escaped the ordinary to take a ride on the wild side! Attached are some pictures from our second grade field trip to Hidden Valley Animal Adventure in Varysburg, NY. The students enjoyed learning about the animals; visiting the small animal adventure park; and, riding the Safari Bus over two miles to view and feed some of the world's most exotic animals.

High School Students visit Mahle Behr Engineering Firm

Engineering Field Visit

Following the Design Process

Touring the facility our students were able to see how a product is designed, thoroughly tested and manufactured to meet the clients needs. This included wind tunnel testing, corrosion testing, how to measure sound waves in a anechoic chamber as well as thermal imaging tests.

CHEEKTOWAGA STUDENTS VISIT MAHLE

Students from Mr Skotnicki's Engineering class took a field trip to Mahle Behr Engineering firm in Lockport, NY. Our visit was coordinated by former Cheektowaga graduate John Voit who works as an Engineer at Mahle. The idea was to give students that are interested in pursuing a career in Engineering a chance to see what the daily tasks and working environment look like

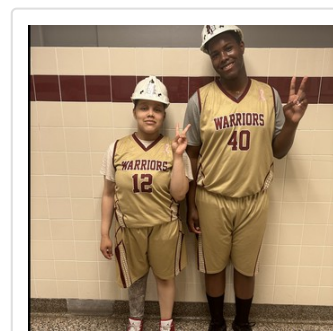

Students prepare in the boardroom to interview college interns to better understand the different paths people have taken to work at MAHLE in a STEM related field.

Mrs. Orlowski's students beat the heat the past few days by reading their WWII/Holocaust informational and historical fiction books outside in the shade.

Unified Basketball 🏀

Our Unified Basketball team moves on to the finals tonight! Congratulations to Jahleel and Destany for earning the HEART helmet award for being Humble, Empathetic, Authentic, Resilient, and Tenacious.

Congratulations to the 5th Graders who completed the D.A.R.E Program!

The 3rd Grade Concert....An Incredible Performance by All!

High School Students of the Month!

SAVE THE DATE!

CHEEKTOWAGA CENTRAL MIDDLE SCHOOL STUDENTS PRESENT:

**A CONCERT EVENING HONORING
OUR LOCAL HEROES**

**FEATURING THE MIDDLE SCHOOL
BAND, CHORUS, AND STUDENT SPEAKERS**

**JUNE 14, 2023
AT 7 PM
CCHS AUDITORIUM**

A Monetary or canned good donation (peanut butter, jelly, pancake mix, syrup, tuna, soups, mac and cheese, and cereal) will be accepted at the door as payment for admittance. This event will raise funds for the Vietnam Veterans Food Pantry in Tonawanda.

The Vietnam Veterans Food Pantry in Tonawanda feeds over 60 local veterans and offers services to them.
