Mrs. McDonough's STREAM:

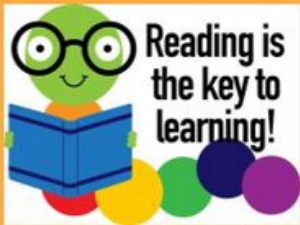

Grades 1 – 4 classes built math structures, created homes for friendly spiders and turkeys to measure & compare. The kindergarten classes are learning equal groupings and all about decomposition.

Mrs. Gnorek's Math students hard at work!

Reading Win students enjoy playing games to review skills on Friday! Grade 1 students review the alphabet with alphabet arcs.

PROJECT POSITIVE

Our focus for the month of November is KINDNESS. In addition to showing kindness in our classrooms and in the school building, keep your eye out for opportunities to show kindness throughout the community this month!

Our attendance rate for last week was: 90%

Number of students with perfect attendance last week: 708

We hope that all students who are feeling well are in school every day this week!
