Dear Union East Families,

Along with the instruction materials being sent home by your child's classroom teacher, the school social workers and counselors are providing resources for families to continue instruction of social-emotional skills. These resources, like worksheets, activity ideas and links to virtual field trips, will be available through Google Classroom. Also included in this bundle are resources for families about how to talk to children about Coronavirus, how to keep your family safe, and who to reach out to in the case of a crisis or emergency which might require counseling and other additional services. Directions to access UE's Counseling Resources page are outlined below.

School social workers and counselors will also be available over the break via phone or email. Thank you for your continued support. We look forward to seeing you when school resumes.

Sincerely,
Union East Pupil Personnel Services Staff
